Day 1 - Monday 20th April 2026

18:00	**Pre-conference Networking Drinks / Dinner Reception (available to those who have registered for 21st & 22nd April for AngelTech Conference)**

Day 2 - Tuesday 21st April 2026

08:00   Registration and welcome refreshments

08:50   Housekeeping by Michael Lebby and David Cheskis - Conference Chairs

Foundations of PIC design: materials, devices and processes

09:00   **Presentation by Light Trace Photonics**
Presented by Dominic Sulway - Light Trace Photonics

09:15   **Presentation by Polariton Technologies AG**
Presented by Stephan Koch - Polariton Technologies AG

09:30   **Presentation Title to be Confirmed**

09:45   **Presentation Title to be Confirmed**

10:00   **Presentation Title to be Confirmed**

10:15   **Presentation Title to be Confirmed**

10:30   Morning Break and Networking

11:00   **Presentation Title to be Confirmed**

11:15   **Presentation Title to be Confirmed**

11:30   **Presentation Title to be Confirmed**

11:45   **Presentation Title to be Confirmed**

12:00   **Presentation Title to be Confirmed**

12:15   Lunch Break and Networking

Connectivity and scalability for secure, high-speed data networks

13:45   **Presentation by KETS Quantum Security**
Presented by Francesco Raffaelli - KETS Quantum Security

14:00   **Presentation by LightCounting**
Presented by Vlad Kozlov - LightCounting

14:15   **Presentation Title to be Confirmed**

14:30   **Presentation Title to be Confirmed**

14:45   **Presentation Title to be Confirmed**

15:00   **Presentation Title to be Confirmed**

15:15   Afternoon Break and Networking

15:45   **Presentation Title to be Confirmed**

16:00   **Presentation Title to be Confirmed**

16:15   **Presentation Title to be Confirmed**

16:30   **Presentation Title to be Confirmed**

16:45   **Presentation Title to be Confirmed**

17:00   **Presentation Title to be Confirmed**

17:15   **Closing Remarks**

18:00   **Networking Drinks / Dinner Reception**

Day 3 - Wednesday 22nd April 2026

08:00 Registration and welcome refreshments

08:50 Housekeeping by Michael Lebby and David Cheskis - Conference Chairs

Emerging applications: photonics for sensing, imaging and beyond

09:00 **Presentation by IDTechEx**
Presented by Yu-Han Chang - IDTechEx

09:15 **Presentation by University of Bari**
Presented by Gianvito Lucivero - University of Bari

09:30 **Presentation Title to be Confirmed**

09:45 **Presentation Title to be Confirmed**

10:00 **Presentation Title to be Confirmed**

10:15 **Presentation Title to be Confirmed**

10:30 Morning Break and Networking

11:00 **Presentation Title to be Confirmed**

11:15 **Presentation Title to be Confirmed**

11:30 **Presentation Title to be Confirmed**

11:45 **Presentation Title to be Confirmed**

12:00 **Presentation Title to be Confirmed**

12:15 Lunch Break and Networking

Future computing: PICs for photonic processing, quantum computers, and neural networks

13:45 **Presentation by Yole Group**
Presented by Name to be advised - Yole Group

14:00 **PIC for Photonic Quantum Computing**
Presented by Nicolas Maring - Quandela

14:15 **Presentation Title to be Confirmed**

14:30 **Presentation Title to be Confirmed**

14:45 Afternoon Break and Networking

15:15 **Presentation Title to be Confirmed**

15:30 **Presentation Title to be Confirmed**

15:45 **Presentation Title to be Confirmed**

16:00 **Presentation Title to be Confirmed**

16:15 **Closing Remarks**

NOTES
